*Many of the courses in the Arts and Humanities and Social, Behavioral, and Economic Sciences arenas, emphasize national diversity (designated "N" at the end of the course title), or international and multi-cultural diversity (designated "I" at the end of the course title). Some courses emphasize both national diversity, and international and multi-cultural diversity (designated "D" at the end of the course title). Students must include at least one "N" course and one "I" course in their Integrative Studies programs. A "D" course may meet either an "N" or an "I" requirement but not both			BLD 480 Medical Laboratory Science Examinations I (1)				
			BLD 481 Medical Laboratory Science Examinations II (1)				
			TOTAL CREDITS TO GRADUATE 134				

*** Enrollment in the medical laboratory science major is limited. A new cohort is admitted at the end of the spring semester of the junior year. Applications for admission are due by the end of fall semester of the junior year. Applicant interviews are conducted during the spring semester of junior year. Admission decisions for students admitted to the medical laboratory science major are made following review of final grades from spring semester of junior year. Students are admitted as Biomedical Laboratory Science major until the application process for Medical Laboratory Science is completed.

Eligible for national certification examinations after graduation.
The Bachelor of Science degree program in medical laboratory science has been accredited by the
National Accrediting Agency for Clinical Laboratory Sciences,
5600 N. River Rd., Suite 720 Rosemont, IL 60018-5119 Tel: 773-714-8880
